WORK EXPERIENCE

Soft Guide Software House

PHP & Laravel Developer Intern | 3 Months

2025

- Developed and maintained web applications using PHP and Laravel.
- Collaborated with senior developers to build and debug features.
- Assisted in database design and backend logic implementation.
- Gained hands-on experience in MVC architecture and RESTful APIs.

Freelance / Project-Based Web Developer

Full-Stack Developer (Laravel & Next.js) | ~1 Year

2025 - 2026

- Designed and developed a POS (Point of Sale) system using Laravel (backend) and Next.js (frontend).
- Built and delivered multiple local client web applications, handling both frontend and backend development.
- Implemented key features such as authentication, product management, sales tracking, and reporting systems.
- Developed and integrated RESTful APIs for seamless communication between frontend and backend.
- Managed databases using MySQL, including CRUD operations and optimization.
- Collaborated with clients to gather requirements and deliver efficient, user-friendly solutions.

Expected Salary : \$3000 (nego)
